Clear Self Ligating

AO
AMERICAN
ORTHODONTICS

CLEARLY BETTER

American Orthodontics brings confident, beautiful smiles to people around the world by continuously implementing advanced technology to enhance our products and services.

Empower Clear combines exceptional aesthetics with a bracket design built for strength and reliable debonding. The industry recognized Empower trident clip delivers precise rotational control and consistent wire seating force. This patient-pleasing aesthetic option gives you the versatility and ease of self ligation while providing your patients the beautiful smile they deserve.

CLEARLY BEAUTIFUL

Your patients will flash their best smile confidently both during and after treatment with Empower Clear. The polycrystalline material is formulated to deliver the most translucent bracket without compromising strength. Empower Clear is a durable, aesthetic, around-the-clock solution to give you the treatment options for the outcome you and your patient desire.

CLEARLY ENGINEERED

Empower Clear brackets were designed using state of the art CAD modeling and computerized simulation to deliver strong mechanical performance and predictable debonding — all without compromising the aesthetic clarity of the bracket.

Empower[®]

Clear Self Ligating

Redesigned Clip Track

Relief for the clip track provides easier opening

Robust Bracket Body Design

Enhanced durability without sacrificing tie-ability

Chamfered Slot Entrance

Reduces friction from wire binding

Trident Clip Shape

Trident shape clip offers better rotational control. Helps seat wire into slot during closure and adds visual cue to confirm clip closure

Thick, Robust Clip

Thick clip increases wire seating force and reduces clip deformation

Simplified Debonding

Patented Quad Matte[®] Mechanical lock base technology is refined to offer more predictable debonding
